## Blood Poison.

SUCCESSFUL AIR-SHIP.  
AN ACCOUNT OF THE FIRST VOYAGE OF  
THE CONTRIVANCE.

The Inventor Tells About His Wan-  
derings About Through  
Air To and Fro.

The Machine Is Provided With a Parachute  
and Is Perfectly Safe—Propeller  
Pulls the Ship Along.

THE MATERIAL COST ABOUT \$1,000.

The following is an interview with Dr. W. B. Hartshorn, the inventor of the first successful air-ship, which was exhibited from the Nashville Exposition grounds about two weeks ago:

"The hill from which I started," he said, "is a mountain. It is a long time under treat and I am the best physiologist in the world. I have a severe case of blood poison, but my condition is more virulent form, resulting in a total wreck of my system."

Mr. Frank J. Martin, a prominent jeweler at Greene Ave., Wash-  
ington, D. C., said:

"I was for a long time under treat and I am the best physiologist in the world. I have a severe case of blood poison, but my condition is more virulent form, resulting in a total

wreck of my system."

"I charged her with it."

"My mouth was filled with eating sores; my tongue was almost black, and I could not eat for months. Two months unable to take any solid food. My heart was coming out of my chest, and I was nearly

conscious, when a friend recommended S.S. & S. to me. He said, 'If you will take this medicine, you will be well again.'

"I began to get better, and when I had finished eight bottles, I was com-  
pletely well again. My skin was clear, and I had no return of the disease. S.S. & S. is the only

medicine which I have ever taken which has cured me."

"I have a very good record.
